

Hello

My name is Amit Joki

Open Source Contributor @ WikiEduDashboard | JavaScript | React | Ruby on Rails | Flutter Developer

amitjoki@gmail.com +91 8825989494 <https://www.linkedin.com/in/amitjoki/>

Profile

I read the code quick and documentations quicker, no codebase is too big.
I believe in being an integral part of a young start up than being a tiny cog in a big one.

Education

B.Tech Information Technology

Velammal College of Engineering & Technology 2017-2021

Skills

JavaScript, ReactJS

Web Development

Ruby on Rails

Flutter

Experience

Intern | Open Source Contributor WikiEduDashboard

Google Summer of Code 2019 Student.

Added Multi-Wiki Support to the Dashboard.

Laid the foundation for translating the training content across the Dashboard.

Involved in solving performance related issues.

Involved in migrating from Flux Store to Redux.

40+ merged pull requests fixing 50+ issues.

Projects

Enigma Mobile App

A full-featured one-to-one chat app with a privacy-centric approach.

It has E2E encryption built-in and uses the same algorithm as WhatsApp.

Messages are secured via checksum verifications.

Secure Fingerprint/Passcode authentication to Lock/Hide individual chats.

Simple, minimal UI with a pragmatic UX.
